GERMANS REALISE NO HOPE FOR EARLY PEACE: RESTRICTIONS ON FOOD STRINGENT

"Up Against It" On Western Front

A REUTER REPORT FROM COPENHAGEN STATES THAT NEWS FROM GERMANY INDICATES THAT IT IS REALISED IN THAT COUNTRY THAT THERE IS NO HOPE FOR AN EARLY PEACE. THE GERMANS ARE EAGER TO FINISH WITH THE POLES AS SOON AS POSSIBLE IN ORDER TO CONCENTRATE ALL THEIR ENERGIES ON THE WESTERN FRONT WHERE, IT IS ADMITTED, THEY ARE "UP AGAINST IT."

FOOD RESTRICTIONS ARE NOW MOST STRINGENT AND RATIONS FOR DOGS AND CATS HAVE BEEN SEVERELY CURTAILED.

"Destroy Everything Which Offers Resistance"

HITLER'S ORDER TO BE EXECUTED TO THE LETTER

PARIS, Sept. 15 (Reuter).—The Germans are bombing all towns and villages. Southern and Central Poland are a terrible picture," says a Lwow broadcast appealing against German barbarism.

It is asserted that Hitler has ordered that the "destroy everything which offers resistance" order be executed to the letter.

Siedlce, 56 miles to the east of Warsaw is almost wholly destroyed and Lublin is in flames.

German parachutists killed a 16-year-old shepherd for seeing them land.

Moscow Conscripts Called Up

MOSCOW, Sept. 15 (Reuter).—The first batch of conscripts under the new military service law, passed on August 31, were called up to-day. According to unofficial estimates a million men are affected.

"Pravda" emphasises the necessity of "complete military preparedness because the capitalist world has been caught by the war fever."

CONTROL OF EMPLOYMENT BILL WARMLY APPROVED

LONDON, Sept. 15 (BWS).—The Control of Employment Bill, whose object is to ensure full employment of labour especially highly trained key men in the engineering industry in places where needed and to ensure that, if a man is displaced, he must be offered suitable alternative employment, passed its second reading in the House of Commons yesterday and is warmly approved by the press.

"The Times" describes the Bill as a non-contentious measure by reason of acceptance of stricter assurances to the trade unions which safeguard the rights of the individual workman and of organized labour. "The result is a further demonstration of the unity and resolve that animates the whole nation."

The "Daily Herald" referring to the highly important amendments incorporated in the Bill by consent as a result of which full consultation with organized labour

An official communique states that French forces have improved their front line advances despite heavy German artillery bombardment and have consolidated their positions near Luxembourg, states a Reuter report from Paris.

Messages received in Brussels officially confirm that several towns near the Siegfried Line have been evacuated as a "temporary measure."

NAZI FORCES ADVANCING TOWARDS LWOV

LONDON, Sept. 15 (Reuter).—The German High Command claims that German forces have entered Stanislaw and are now advancing towards Lwow which is practically surrounded.

It is said that part of the Poland army tried to break through the German lines to the south-east of Lwow but failed.

In the north-east and south-west of Warsaw German forces have reached the suburbs of the capital.

POLISH OBSTACLES
ROME, Sept. 15 (Reuter).—The Vatican newspaper, "Osservatore Romano," declared to-day that the German operations in Poland are meeting with obstacles which are continually becoming greater.

The newspaper adds that the recent rains are impeding troop movements and the secondary roads have become almost impassable especially for heavy motorised units.

Continuing, the paper says that the "defence of Warsaw will constitute one of the finest pages of the struggle in which courage, military talent and patriotism are mingled."

King Expresses Deep Appreciation Of Loyal Messages Received From Colonies: Jewry Pray

NAZI SHIPYARDS WORKING AT FULL PRESSURE

BRUSSELS, Sept. 15 (Reuter).—The Berlin correspondent of a Belgian paper says that the shipyards in Germany are working at the fullest pressure building submarines and warships as Germany intends to challenge the British blockade and start wholesale sinking of British ships.

AUSTRALIA FORMS WAR CABINET

CANBERRA, Sept. 15 (Reuter).—The Prime Minister of Australia, Mr. R. G. Menzies, has formed a War Cabinet with himself as head. The Cabinet includes:—
Mr. R. G. Casey, Minister of Supply and Development;
Brigadier G. A. Street, Minister for Defence;
Sir Henry Gullet, Minister for External Affairs;
Senator McLeay, Minister for Commerce and Vice-President of the Executive Council;
Mr. W. M. Hughes, Attorney General and Minister for Industry.

Mr. Hughes was Prime Minister during the Great War.

VOLUNTEER CORPS
CANBERRA, Sept. 15 (Reuter).—Australia is raising a volunteer corps of 20,000 for service at home or overseas. Defence expenditure for next year will be increased from £33,000,000 to £45,000,000.

NEW ZEALAND AID
WELLINGTON, Sept. 15 (Reuter).—The New Zealand Government has told the British Government that surplus products of the Dominion would be placed at the disposal of the United Kingdom, declared Mr. Fraser, Acting Prime Minister.

He added that the whole manpower and resources of New Zealand should be used to protect the country and to assist Britain.

A tragedy occurred on the New Territories border on Thursday morning near the Lwowa military outpost.

Rifeman Jai Singh Ran, of the Rajputana Rifles, stationed at the Lwowa Blockhouse, went to bathe in the Shumchun River about 11 a.m. and was drowned.

LONDON, Sept. 15 (BWS).—His Majesty, through the Colonial Secretary, Mr. Malcolm Macdonald, has expressed his deep appreciation of the loyal messages received from Ceylon, Nigeria, the Gold Coast, Sierra Leone, Tanganyika Territory, Northern Rhodesia, British Honduras and the Leeward Islands.

An expression of His Majesty's gratitude has been conveyed to the Chief Rabbis of Palestine for their message of "heartfelt blessings and fervent prayers of the Palestine Jewry for Britain's victory in her heroic stand for right against might and ultimate world peace" which was recently received by the Lord Chamberlain.

From Lagos, it is learned that internment of enemy aliens in Nigeria is complete but the authorities have been able to release about half the number on parole.

Germans who remained in the Cameroons after the declaration of war have similarly been placed on parole and are being employed, as far as is possible, on plantations which have been taken over by the public custodian of enemy property. The Cameroons have, until now, done a large trade in bananas mainly exported in German vessels.

One of the most fervent of loyal messages from the Colonies arrived from Bahamas to-day. The House of Assembly passed a resolution assuring the King of their devoted adherence to him and to the British Empire "of which we are so proud to be a member" and protesting their eagerness to serve the Empire, not only during the present crisis, but at all times.

Infantile mortality also reached a new low record and death from tuberculosis fell sharply. Nearly 102,000 houses were completed by the local authorities in the year and, since the last war, the total number erected is equal to the complete rebuilding of six of the largest provincial cities.

Football again in England
LONDON, Sept. 15 (Reuter).—The decision allowing re-opening of cinemas and theatres also applies to football and organised games thus enabling the Football Association to proceed with competitive matches.

It is understood that there will be no professional club matches to-morrow owing to lack of time for assembling players but the majority of leading league clubs are playing pre-arranged friendlies in safe areas.

POLISH GOLD MOVED
LONDON, Sept. 15 (Reuter).—A Moscow message states that the bullion of the Bank of Poland has been removed to Rumania. Officials of the Bank arrived at a Rumanian border town a few days ago to arrange for the transfer.

RESIGNATION OF ALL MEMBERS OF ST. JOHN AMBULANCE MAY BE STRIFE RESULT

Tension Is Rapidly Approaching Climax

FURTHER STARTLING DEVELOPMENTS IN THE AFFAIRS of the St. John Ambulance Brigade and Association have now taken place following the revelations made exclusively in the "Hongkong Daily Press" on Wednesday last.

It will be recalled that it was disclosed that the administration of this very essential public organisation was being hampered by the struggle that has arisen over what the members regard as an attempt to impose a dual control on its activities.

A representative of the "Hongkong Daily Press" has been endeavouring, since this subject was first made public, to ascertain what exactly is the Hongkong Government's connexion with this institution as implied by the appointment of an executive committee by His Excellency the Governor about a month ago.

Unfortunately, members of the committee, who were interviewed, refused to make any statements, or to aid in clearing up the complications that have arisen over this subject.

One of them, when interviewed, said: "I am not allowed to talk," while another remarked: "I cannot express any views."

The following version of the situation, therefore, represents only unofficial views. So far as our representative was able to discover, however, it is the view taken by the great majority of members of the Brigade.

REACHING CLIMAX
His enquiries reveal that the tension amongst the members of the St. John Ambulance Brigade and Association is rapidly approaching a climax and that what would amount to a veritable "walk-out" is a possible result. Members state:—

BRIEF SESSION IN COMMONS

LONDON, Sept. 15 (BWS).—The House of Commons, after a brief session, rose before luncheon to-day and adjourned until Wednesday next when an appreciation of the war situation, which is to be contributed weekly by the Prime Minister, will be given.

The House will also sit next Thursday and newspapers anticipate that for the present sittings will be held on only two or, at most, three days weekly.

Infantile mortality also reached a new low record and death from tuberculosis fell sharply. Nearly 102,000 houses were completed by the local authorities in the year and, since the last war, the total number erected is equal to the complete rebuilding of six of the largest provincial cities.

Japanese Paper Urges Continued Friendship With Nazi Germany

TOKYO, Sept. 15 (Reuter).—Stressing that the announcement of the Soviet-German Non-Aggression Pact on August 23 caused a tremendous shock and a feeling of betrayal throughout Japan which has hitherto been convinced of the strength of the Berlin-Tokyo axis, the "Hochi Shimbun," Germanophile daily, in an inspired leader, says that the democracies are taking the opportunity to spread propaganda to the effect that Japanese-German relations are very strained.

The paper further claimed that it learned from a most reliable source yesterday that the German Ambassador, Gen. Ott, has been urging on the Berlin Government the necessity of proving to the whole world that the so-called aggravation of relations is merely Anglo-French propaganda.

The Journal also makes out that Gen. Ott is maintaining, despite

Japanese Withdraw From Chungshan

MACAO, Sept. 15 (Reuter).—A Chinese message from Shekai claims that following the indiscriminate Japanese bombing of Chinese villages yesterday, the natives of Chungshan throughout last night furiously attacked Japanese encampments resulting in Japanese withdrawal to their ships throughout to-day with hundreds of wounded.

Japanese dead and wounded during the recent Wangmoon fighting are upwards of 1,000, including scores of officers.

Natives of Chungshan are loud in their praise of Gen. Chenung Wal-chung, their leader, who personally directed the defence in the recent fighting.

JAPANESE MISSIONS FOR LONDON

LONDON, Sept. 15 (Reuter).—The Japanese military, naval and economic missions, at present in Italy, will leave Rome for London, en route to Tokyo.

It is reported that the economic mission will stay in London for discussions.

NIIPPONS CALLED HOME
TOKYO, Sept. 15 (Reuter).—The Japanese Foreign office has issued orders that all Japanese abroad, who can possibly do so should return home. New passport regulations in Japan now make it most difficult for Japanese to travel to Europe.

the Pact with the Soviet, that the Japanese-German axis is solid and in this matter he has suggested to Berlin that Germany should make the Soviet Union abandon aid to China. Kai-shek thereby proving to Japan that the Pact with the Soviet does not, in any way, impede the maintenance of the Japanese-German Anti-Comintern Pact relation.

The "Hochi Shimbun" forecasts that Gen. Ott's recommendation will take concrete shape shortly.

V. Zenovich Takes Up G. Hussain's Challenge

(BY "ALL-OUT")

I don't know whether body hurriers have ever done their stuff in Hongkong before. Perhaps, in the days gone by there may have been mighty, heaving and muscular bodies who swayed this way and that away to entertain those who preferred to trail after something more grippy than such tenderfoot games as croquet and skittles!

Anyway, All-In Wrestling, as they label it in the States, must surely be something new to many people in this burg. And that's the kinder fun that's going to be presented at the Alhambra Theatre on Sunday morning at 11 a.m.—a real he-man bill of fare, which even war tension and Hitlerism will not be able to mar.

HOW IT HAPPENED
How come? Well, it just happened that a mighty man-mountain Indian, whose handle is "Rustum" Ghulam Hussain, hit these shores recently, and threw out a challenge through the "Hongkong Daily Press" on Aug. 8 offering to sort of wipe the floor with anyone who felt the same way about him.

Turning the scale at 210 pounds, Man-Mountain Hussain must have made many a would-be he-man to turn green with envy, but for a time nothing was heard from anyone who was prepared to come

KING RECEIVES AUSTRALIAN RUGGERITES

LONDON, Sept. 15 (Reuter).—The King to-day received members of the Australian rugger team whose visit has been curtailed owing to the war.

The King and Queen in conversation with the players told them of the interesting places they had visited and said that the Duke of Kent was very disappointed that he was not able to take up the post of Governor-General of Australia.

to grips with him, so to speak, in the ring.

There evidently are many man-mountains in this part of the world right now, for eventually one stepped out right smartly to say he was willing to say "How Are Yer?" to Hussain—He is Vladimir Zenovich, who is stated to be a champion, wrestler from that country where men are men and to hell with the rest!

From what I have seen of Vladimir, he's sure tough, with a torso and all that would have made all the Eugene Sandow guys go wonky.

ALL SET FOR SUNDAY
Well, to cut down the trimmings, all is set now for these two hurriers to get at each other and the Alhambra Theatre, where the screen has only given us flashes of something of this sort, will be the "spot" where they will battle for honours on Sunday.

Yes, Sir, they will go for each other in the American All-In Catch-as-Catch-Can style, which means that they can do anything but shoot each other full of lead! It's sure going to be fun, boys (and girls, shall I say?)—so get there on time to see, as the road bill describes it, "actual mountains of muscle in action!" And may the best man win.

TEE FOR ONE

"Jackson, old boy, congratulate me. Kindly slap me on the back."
"Certainly, my dear fellow, but may I ask you why? You haven't got engaged, have you?"
"No, no. This is something really important. I did the fourteenth in one yesterday. A blow in a million! The swipes to and all swipes!"
"But I don't understand. You look as fit as the proverbial Stradivarius. Were there no celebrations?"
"Celebrations? There's been nothing like it since the Relief of Mauthausen."

"Perhaps I'm dense, but I still don't understand. Forgive my bluntness, but where's the hanger?"
"Hanger? Haven't you heard? There aren't any nowadays. You just drink Ginlet, or take a long glass of Rose's Lime Juice after the jamboree. It's just a question of therapeutic action as a doctor once described it to me."
"So Rose's prevents the morning-after?"
"Really and truly. You know, old boy, you ought to keep a bottle of Rose's in your locker. Some day even you may do a hole in one!"

Kowloon Tong Robbery Recalled At Sessions: Accused Pleads Guilty

An attack on Mrs. Emily Wood, wife of Capt. Wood, of the Swatow Pilotage Service, by a handbag snatcher in Waterloo Road, Kowloon Tong, on August 21 was recalled when Chan Hoi, 28-year-old unemployed, was charged at the Criminal Sessions yesterday with robbery with violence.

Accused was alleged to have slapped Mrs. Wood and to have used pepper in his effort to snatch Mrs. Wood's bag.

"I didn't use force, though I did snatch the bag," said Chan.

When it was pointed out to him that the violence indicated the slapping and the use of pepper, he pleaded guilty.

When the Chief Justice asked him why he had committed the robbery, accused replied: "When the Japanese occupied Canton I came here as a refugee. Since then I have had nothing to do. I was unable to maintain myself and was obliged to do this. I had no food."

Sentence of two years' hard labour was passed.

PLEAD GUILTY

Choy Chun and Fong Cheuk pleaded guilty to the charge of robbery at No. 5 Catchick Street on June 15. In the robbery, a married woman, Fung Sam, lost \$115, a wrist watch, a gold ring and a jade pin.

The first accused was sentenced to three years' hard labour and 12 strokes of the cane, his state of health not permitting the imposition of a flogging, but second accused was given 12 strokes of the "cat" in addition to a prison term of two years and nine months.

The third accused in the case, Chiu Pak-shui, was stated to be in hospital suffering from typhoid fever, and the case against him was therefore adjourned to the next Criminal Sessions.

FIVE YEARS' GAOL

Wong Wun-cheung, alias Wong Yu-kwong, who was charged on two counts of armed highway robbery, unlawful possession of arms and ammunition and returning from banishment, pleaded guilty to all charges, and was sentenced to five years' hard labour and 18 strokes of the "cat."

Accused had six previous convictions, of which two were for breaches of the Deportations Ordinance.

Yeung Wai-bun, Cheung Cheuk-wah and Chan Kwong, who pleaded guilty to robbery and unlawful possession of arms and ammunition, were each sentenced to four years' hard labour, three years on the first count and one year on the second count.

POSSESSION OF DANGEROUS DRUGS CASES

A young Chinese, named Li Kwai, who pleaded guilty at the Criminal Sessions yesterday to a charge of unlawful possession of dangerous drugs, was sentenced by the Chief Justice, Sir Atholl MacGregor, to three years' hard labour.

Lau Yee also pleaded guilty to a similar offence, but sentence was deferred in his case.

Seventeen others, including two women and three girls, also appeared on similar charges. Three pleaded guilty, punishment in their case being postponed, while the others pleaded not guilty and will be tried next week.

INCREASE IN WAR RISK INSURANCE

A largely attended meeting of exporters interested in the sundries trade with the British West Indies, Africa and Australasia was held in the offices of the Hongkong General Chamber of Commerce yesterday afternoon to discuss the effect of increases in freight rates and war risk insurance charges.

It was unanimously agreed that all future export business would be done on the terms that contracts should stipulate that all war risk insurance and fluctuations in freight charges, as well as deviation charges, will be for buyer's account. Shipment will be subject to space being available. Contracts will be amended accordingly.

CINEMA CLAIM ADJOURNED

Theatre Manager's
Denial

Giving evidence in the case in which the Hongkong and Kowloon Theatre Co., Ltd., is suing India Products Co. for \$390 for rental of the Majestic Theatre for Sunday morning performances, Mr. C. Goldin, manager of the Theatre, denied that there had been any agreement on the terms alleged by the defendant.

The case arose as the result of a contract made by the defendants for the hire of the Majestic Theatre for 17 Sundays at \$35 per Sunday.

In the course of his evidence, Mr. Goldin further stated that he realised that Singh's purpose in suggesting a revised contract was to prevent the theatre being used by a third party.

Mr. Leong Ki Ho, Managing Director of the Hongkong and Kowloon Theatre Co., Ltd., said that he had been in the theatre business for many years.

NO AUTHORITY

He also stated that Mr. Goldin had no authority to enter into contracts for the theatre without consulting him, and that in this case, Mr. Goldin had consulted him in the matter.

In addressing the court Mr. Hodgson, on behalf of the plaintiff, said that Mr. Goldin, wishing to help the defendant, had agreed to make a reduction in the rental on the basis of an altered contract, and had reduced the amount to \$25 per Sunday, after consultation with Mr. Leong.

Before Mr. M. A. Silva started his address to the court, his Lordship said that he was unable to continue that afternoon and the case adjourned till 11 a.m. to-day.

INDIGESTION

Stopped in 5 minutes!

Amazing evidence of the remarkable speed with which indigestion and stomach pains can be stopped has been revealed by medical experiments and X-ray photographs of actual cases. These prove the ingredients of "Bismarck" Magnesia to be the quickest-acting and most effective known to medical science.

Within 5 minutes a teaspoonful of "Bismarck" Magnesia in a little water produced complete relief in cases where numerous other remedies had failed entirely.

"Bismarck" Magnesia is a complete treatment for the relief of stomach troubles—it neutralises the harmful acids that cause the trouble and it spreads a soothing, protective film over the stomach lining.

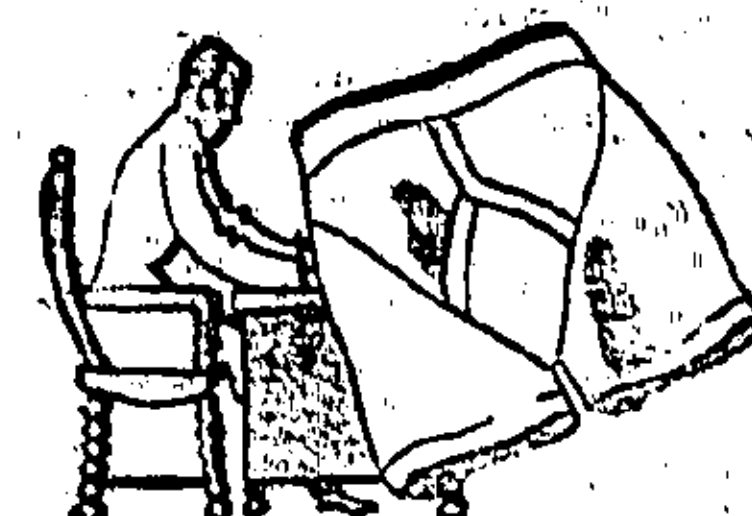

Get "Bismarck" Magnesia powder or tablets from your chemist or grocer to-day, but be sure to look for the oval "BISMARCK" sign if you want the quickest-acting stomach remedy doctors know.

HONGKONG, SEPTEMBER 16, 1939

DEATH FROM THE AIR

THE BOMBINGS of large cities in China and Spain during the past few years have made clear to the peoples of the world just what they are to expect should hostile aircraft appear over their homes.

THEY KNOW THAT, sooner or later in the game, the morale of civilian populations behind the lines will become a "military objective," and that this objective will be themselves, their wives, and their children. They know also, that in spite of this, large numbers of them will not be able to evacuate but will have to carry on as before the daily work of a nation.

HOW CAN BOMBING LOSSES be minimised? What form of A.R.P. is the most effective? These questions are now of immediate interest and importance to every citizen.

SPEAKING GENERALLY, it may be maintained that the chief danger in assaults from the air lies, at any rate in large cities, in the effects of high explosive. Of gas, and bacterial attacks we have had very little experience, but the fact that they were not used over urban areas in the Chinese and Spanish wars, and have not been widely employed in this way in Poland, shows that very serious difficulties lie in the way of their employment.

AERIAL BOMBS may be broadly classified under two headings—the "fragmentation" and the "demolition" types. The fragmentation bomb, as

ACKNOWLEDGMENT

Mrs. C. S. Dodd, Messrs. V. R. and J. Dodd wish to express their sincerest thanks to all friends for their attendance at the funeral of Miss Pansy Dodd, for the floral tributes and letters of condolence.

1331

its name indicates, depends for its effect mainly on the killing power of thousands of minute pieces of metal which spread over a wide area. These bombs, in modern warfare, are little used in urban areas. They are extremely effective, however, against troops on the march, especially when they are trapped in narrow roads. Light in weight a large number can be carried by a single machine. They have been perfected until they explode in an absolutely horizontal direction—which means that the merely falling on his face and hugging the ground will not save a man from being slashed to ribbons by their fragments.

THE BOMBS USED over cities are of the demolition type, designed to destroy buildings and fortifications. They are of great weight and act by detonation or air-blast and their aim is to reduce structures rather than to kill. Their lethal effect is terrific but can be escaped by properly built shelters.

THE EXPERIENCE OF BARCELONA has shown that deep shelters, dug scores, or even hundreds, of feet below the street level offer ideal protection against all types of bombs providing for every contingency including a direct hit. Because of the great expense involved there are very few places in the world adequately equipped with such shelters. Instead, small garden dug-outs and specially reinforced cellars and rooms are recommended. These cannot, of course, stand either a direct hit or an H.E. bomb falling very close, but they do keep off splinters and minimise concussion.

NEXT TO THE ELABORATE, all but impregnable, deep-shaft shelter, the greatest measure of safety is offered by what is perhaps the simplest of all funk-holes, the lowly slit-trench to which soldiers trust their lives in artillery bombardments much heavier than the heaviest of aerial bombings. Such a trench, six feet long and six feet deep by perhaps four feet across, if equipped with a splinter-proof cover, consisting of boards and one layer of sandbags, not only offers the smallest possible target but also defends against horizontal blast. It is far better than makeshift dug-outs of heavier structure, because it does all that they can do without the risk that their occupants run in case of collapse.

ESPECIALLY in the jerry-built slum areas of the great cities, the incendiary bomb is a diabolic menace. The modern thermite bomb, throwing out thousands of molten fragments each capable of igniting anything with which it comes into contact is a hard enemy to fight. Water and the ordinary fire-extinguisher compounds are useless against this chemical flame. It must be tackled with sand before it has had a chance to spread—a difficult business in the midst of an air raid. General fire-control is the best way to keep this horror in check—the demolition of highly inflammable structures and clearing of fire-lanes to minimise the chance of any one conflagration spreading to a large area.

H.E. the Governor will unveil a plaque in the Common Room at Morrison Hall on Sept. 28, at 5.30 p.m. to commemorate the gift to the Hostel of the East Wing by the late Rev. T. W. Pearce, O.B.E., LL.D. The ceremony will be preceded by a short service of dedication in the new chapel at 4.45 p.m. The chapel will thereafter be known as "The Pearce Memorial Chapel."

SHORT-LIVED BOOM ON H.K. STOCK MARKET

The boom experienced on the local stock market on Thursday was rather short-lived, for reaction set in yesterday and little business was done though prices generally were fairly well maintained.

The undertone of the market is healthy, and opinion amongst brokers and reliable investors is that the market is likely to show further advance in the near future.

PRICES STILL LOW

Prices of nearly all local stocks are still low enough, in relation to dividend payments for the last financial year, that returns from investment are sufficiently attractive, ranging from five to 15 per cent.

The feeling exists that, with the stoppage of transaction in New York, London and other foreign stocks and commodities owing to the restrictions that have been placed on dealings in foreign exchange and gold, interest will again be concentrated on Ice House Street.

BANISHEES GAOLED AT SESSIONS

Three returned banishees were sent to prison by the Chief Justice, Sir Abhihi MacGregor, at the Criminal Sessions yesterday.

Cheung Fat, alias Ho Wah-hing, who had been banished for life and who had 13 previous convictions, including seven for breaches of the Deportations Ordinance, was sentenced to three years' hard labour.

Tam On, who had eight previous convictions, four of which were for breaches of the Deportations Ordinance, was sentenced to two years, while Man Man, who had six previous convictions with four breaches of the Deportations Ordinance, was given 18 months' hard labour.

BRITISH TROOPS STILL AT N.T.

The military authorities desire to point out that the New Territories frontier is still occupied by British troops, and the general public is not allowed past the British posts. There are very few Japanese troops on the Chinese side of the border, and the situation is stated to be quiet.

ACCIDENTAL

With reference to the shooting incident at the Naval Dockyard reported in our yesterday's issue, the Naval authorities inform us that the shot was fired accidentally.

Hello & Goodbye

(BY A. W. HYER)

The ships and airliners making Hongkong port are settling down to wartime procedure. New rules and regulations regarding cargoes, water and air courses, various adjustments to craft, are taken in stride by the "skippers" and crews as they go about their business.

There is no great noticeable decrease in passenger lists, many people on various missions travelling about the oceans and air lanes.

However, the P. & O. arrivals and well-populated sailing parties are missed, though it will be a great day down on the shipping piers when the s.s. Viceroy of India puts into port on September 27 from England.

Pan American Airways

CHIEF PILOT of the Pacific Division, Capt. J. H. Tilton, supervised the China Clipper's arrival on Thursday at 4.35 p.m. from Honolulu. The Senior Captain had just returned from the last survey flight to Auckland, New Zealand, from San Francisco, which service, by the way, commences on October 1, for mail.

Mr. Edward Pawley, almost a duplicate of his well-known brother now in the United States, and head of Inter-Continental Corporation, came flying across the Pacific from America on a business trip. This gentleman is an executive in his brother's firm.

And there was that gay Mr. Breck A. Park, again. An executive in the American International Underwriters concern, it was only the clipper before this that he was round tripping to Manila. This call was one of those passing through "hit-and-miss" visits, as he sailed for several weeks of visiting in Shanghai on Friday at 2 a.m. by the Empress of Asia.

Another short-time caller from Manila is Mr. D. Cook, the Manila No. 1 in S. E. Levy & Co. He arrived with bulging suitcase and a gay smile, but it is all business. The investment expert is due to leave for home this morning in the President Coolidge.

On the last leg of a round-the-world journey, so to speak, are Mr. and Mrs. N. S. Guzdar, of Bombay. The flight from Manila did not appear to agree with this small, delicate lady traveller, who seemed upset on her arrival. Now, however, they are looking forward to returning home after a highly interesting world excursion.

Dr. C. T. Wang returned after a very busy and hectic short stay in Manila, where he opened the Bank of Communications and was royally entertained by the local residents of the south.

And Mr. Hugo Classen, one of Hongkong's own, came flying back from a business call in Manila.

Friday Departure
ON FRIDAY AT 8.45 A.M. Capt. Tilton was away from Kai Tak with many roars from the China Clipper's engines!

Swinging from crutches and set for a clipper trip across the Pacific to San Francisco, was Mr. William L. Bond, of China National Aviation Corporation. The Operations Chief of the Hongkong and North China airline is bound on a business and holiday visit of a few months in the United States. If you remember Mr. Bond recently was mixed up in an air raid in China.

The exotic-appearing Miss Norma Prince was a passenger bound for San Francisco. This young lady with the red lips arrived on Imperial Airways last week from India, where her round-the-world freighter journey was interrupted by the outbreak of war in Europe.

Down to Manila and reunion with the first lady of his family, clipped Mr. Harold A. Sweet, one of C.N.A.C.'s great big captains. The visit will be a short holiday and it is hoped the "Mrs." will be returning with him.

One of Marsman Ltd.'s engineers, Mr. J. H. W. Howie, stationed in the local branch office, was flying south to Manila on a business call.

And Major and Mrs. D. T. Bolseu returned home to Manila after a week of visiting and inspecting this Hongkong.

Empress of Asia

OUR ELEGANT says that on Friday, at 2 a.m., the Empress of Asia, in a new coat of grey paint, slipped out of the harbour on the homeward voyage to Vancouver via northern ports.

GERMAN APPREHENSION OF FRENCH PROGRESS ON THE WESTERN FRONT

PARIS, SEPT. 15 (REUTER).—THE FRENCH ARMY SAYS THAT YESTERDAY'S TROOPS IN THE SAAR AREA MADE GAINS OF A MILE DEPTH ON THE 12-MILE FRONT.

In Paris official circles the German action of blowing up the Trier-Metz Railway, near the Luxembourg frontier, is taken to indicate the apprehension of the German High Command over the French progress on the Western Front.

A war communique records "local advances, in the course of which we took some prisoners."

OFFENSIVE LAUNCHED:

BRUSSELS, Sept. 15 (Reuter).—The French launched an offensive in the afternoon near Perl, in the Moselle District, at the extreme west of the Franco-German frontier.

Watchers on the Luxembourg side of the frontier saw the French tanks move into action after heavy artillery preparation.

ROAR OF BATTLE:

The German outposts were compelled to withdraw and engineers blew up a railway line to stem the advance.

The "roar of the battle could be heard" as far as the city of Luxembourg and the authorities immediately ordered the evacuation of Schengen, at the southernmost tip of Luxembourg.

PARIS, Sept. 15 (Reuter).—The French forces operating in the Saar region have taken up their positions on a row of hills, south and south-east of Saarbrücken. The advance continued despite a heavy German artillery barrage on the French lines of communication.

MAGINOT LINE

French artillery on the Maginot Line are answering the German fire, while French war planes yesterday bombed the heavy concentrations of German artillery behind the Siegfried line which have been rushed to the area in the last few days.

The French regard this reinforcement of German artillery as a sign that the Germans feel that the French operations are no longer an advance of the outposts, but a threat to the Nazis western wall.

WARSAW DEFENCE CONTINUED

BRUSSELS, Sept. 15 (Reuter).—According to news from Belgian sources in Warsaw, the recapture of Lodz has greatly heartened the Polish population. The defence of the capital is continuing with renewed enthusiasm and encouraging measures are coming from various other fronts where it is claimed the Poles have now taken the initiative.

Those who have examined the Warsaw battlefield report that the German suffered great losses during their withdrawal.

THOUSANDS OF DEAD

According to the correspondent of the "Independence Belge," they left thousands of dead and many prisoners.

JAPANESE ENVOY'S WIFE DESCRIBED WARSAW RAIDS

TOKYO, Sept. 15 (Reuter).—The wife of Mr. Sato, the Japanese Ambassador to Poland, has sent a graphic description of the German bombing of Warsaw on the morning of September 1 when she saw 30 planes flying at a great height over the Polish capital.

A moment later dozens of bombs were dropped and Polish anti-aircraft guns replied, bringing down two German planes.

EMBASSY SHAKEN

The raid was resumed each day and on Sept. 3 the Japanese Embassy was shaken by bombs which landed on the United States Embassy only a short distance away.

On Sept. 5, officials and families of the Japanese Embassy left for Russia. Even as they left, the raids were still in progress and what appeared an endless procession of bombers filled the sky.

"Oppression" Of Russian In Poland Alleged By Communist Organ

MOSCOW, Sept. 15 (Reuter).—Allegations of "oppression" of the Russian minorities in Poland, said to amount to 11,000,000, are made by the "Pravda," the official Communist organ, which asserts that the Polish ruling circles have done everything possible to aggravate the relations with the nationals of minorities and to bring them to a state of tension.

The "Pravda" analyses the internal causes of Poland's "defeat" and says that it is difficult to explain merely by the superiority of German technique and equipment and the lack of effective assistance from Britain and France.

DISORGANIZATION

"All reports of the situation in Poland show that disorganization of the entire Polish state machine is completely increasing and it has proved so impotent and inefficient

MINISTRY OF EXPRESSION - NOT REPRESSION

LONDON, Sept. 15 (Reuter).—The Minister of Information, Lord Macmillan, answering criticisms in the House of Lords on the initial work in his department, said that he agreed with what had been said on all sides in the House of Commons as to the department's true function.

"It is a ministry of expression, not a ministry of repression, least of all a ministry of depression."

It would be his task to place before the peoples of Britain—before the peoples of other countries—the truth about what they were doing, thinking, and hoping.

First contacts have been made with the fighting ministries and they have assured me that they will help as far as they possibly can in the provision of news.

Arrangements have been made for the War Office to send a general staff officer of high rank who would give a confidential talk to accredited press representatives weekly.

China War:

CHINESE RECAPTURE WENHSIEN

LOYANG, Sept. 15 (Central).—After over six months' Japanese occupation, Wenhsien, important town on the north bank of the Yellow River, in Northern Honan, was restored to Chinese control on Wednesday.

The town, which had changed hands many times in the past, was lost to the Japanese last February when they launched a vigorous drive towards the Yellow River bank in an attempt to cross the stream to cut the Lunghai Railway.

Simultaneously, Tsungyichen, north-west of Wenhsien, was recaptured.

The Japanese, suffering heavy casualties, retreated in the direction of Tsinhsien, in the north-west.

PROF. ROBERTSON'S BROADCAST ON "CURRENT TOPICS"

In the course of his radio address over Z.B.W. on Thursday night on "Current Topics," Prof. R. Robertson, M.A., of the Hong Kong University, referred to the address to munition workers in Germany by Field-Marshal Von Goering, the British Statement regarding the basis upon which the war was to be conducted, Mr. Anthony Eden's latest broadcast speech and the Prime Minister's statement on the situation in the House of Commons.

Prof. Robertson said, in part, Goering's speech had some curious features. For, example, his remarks about the further sacrifices in standards of living which might become necessary lent point to M. Reynaud's recent estimate of German weakness on the economic front.

SOLENN PLEDGES

In the statement regarding the basis upon which the war would be pursued, already referred to, in Mr. Eden's broadcast, it has been emphasized in the clearest of language that the time has come once and for all to resist Nazism and all that it stands for as a menace to the security of Europe.

RIGHT OR MIGHT?

Let me close by quoting a sentence which seems pretty well to sum up the issue, the wider issue, of which I have been speaking. The sentence is this: "When Right definitely yields to Might, a permanent state of insecurity results which destroys and hinders all normal functions in the life and intercourse of Nations." These words define clearly enough the present issue. Whose words are they? Adolf Hitler's.

OBITUARY

The death is also announced of Arthur George Walker, R.A., A.R.A., R.B.S., the well-known sculptor.

ROYAL BROTHERS MEET AFTER THREE YEARS

LONDON, Sept. 15 (Reuter).—Duke of Windsor was received by the King yesterday.

It was the first meeting between the Royal brothers for nearly three years.

VILE NAZI ALLEGATION DENIED

ARAB SUPPORT FOR BRITAIN

LONDON, Sept. 15 (Reuter).—The Ministry of Information denied reports published of reports from Germany that the support of the Arabs for the Allied cause was won by bribery.

Allegations that the most prominent Arab newspaper in Palestine had been bribed can be dismissed by drawing attention to the standing of the newspaper.

Expressions of loyalty to Britain have come from Arabs all over Palestine. Arab leaders in Gaza have expressed their determination to support the Empire and beguiled sheikhs of southern Palestine have pledged their full cooperation.

Latest Method Of Propaganda

LONDON, Sept. 15 (Reuter).—The Ministry of Information issued a statement yesterday afternoon to the effect that Nazi propaganda is now taking the form of threats to neutral nations. Neutrals are now being told plainly just what Germany considers neutrality and unneutrality.

CHUNGKING, H.K. AIR SERVICE TO BE RESUMED

CHUNGKING, Sept. 15 (Central).—The Chungking-Hong Kong air service which has been suspended since the outbreak of the hostilities in Europe, will shortly be resumed, according to information from the Eurasia Aviation Corporation.

BUFFER POLAND IS RUMOURED

LONDON, Sept. 15 (Reuter).—A message from New York declares that Germany and Russia have agreed to form a buffer Polish State between them and not to establish a common frontier.

Poland will be allowed to retain one third to the half of the present Poland with the area around Ciacow remaining Polish.

NAZIS AND CZECH HOSTAGES

LONDON, Sept. 15 (Reuter).—The official Nazi news agency denies reports "at 400 Czechs in Bohemia and Moravia have been taken as hostages."

The agency admits, however, that a considerable number of Czechs have been taken into custody "for reasons of public safety."

Estate of \$10,800 in Hong Kong was left by the late Rev. John Keers, retired Presbyterian minister, who died at No. 33 Deramore Drive, Belfast, North Ireland, on March 23 last. An application by Mr. G. G. N. Tinson, solicitor and lawful attorney, for sealing certified copy of the probate of the will has been granted.

EMBER DAYS: THE BLOOD OF ST. JANUARIUS: A DRESS DESIGNER ON PILGRIMAGE: A MISSIONARY COURT MUSICIAN IN PEKING

WEDNESDAY, FRIDAY AND SATURDAY OF NEXT WEEK ARE EMBER DAYS. THESE DAYS OCCUR FOUR TIMES IN THE YEAR, AND FOR THAT REASON THEY ARE ALSO CALLED "QUARTER TENSE," A CORRUPTION OF THE LATIN WORDS QUATUOR TEMPERA, "FOUR TIMES."

The word "Ember" is from an Anglo-Saxon word meaning a circuit or regularly-recurring period. The days are days of prayer, and special prayers are assigned for them in the Church History. The prayers are offered in thanksgiving for the gifts of nature of the preceding season and in petition for the needs of the coming months.

The institution of these days, year on this day and on some other fixed days during the year. The blood is contained in a hermetically sealed phial, four inches in height and two and a quarter in diameter. Normally the substance in this phial is solid and opaque, but on certain days of the year when it is brought close to some other relics of the saint, the hard substance of the blood softens and becomes liquid.

In the earliest days of Christianity these days were also observed by the Christians and sanctified with prayers of their own. Fasting was added, and there is a record of special instructions relating to the observance of the days, dating from the third century. Some time later, certainly before the fifth century, the fourth season was added.

About the same time the observance of these days was extended from Rome to the rest of the Christian world. The practice was introduced into England by St. Augustine. Finally in the eleventh century Pope Gregory XII fixed the prayers and ceremonies in connection with Ember Days, which continue to the present day.

BLOOD OF ST. JANUARIUS
Tuesday next is the feast of St. Januarius, the martyred Bishop of Beneventum and patron saint of Naples. The saint and his feast are well known because of the remarkable occurrence of the liquefaction of the blood which takes place every year.

AMBULANCE BRIGADE

Continued From Page 1

that they will resign rather than submit to what they seem to be outside interference in the administration of a body which has existed for nearly 25 years in the Colony, and to which most of the members are bound by ties of duty and sentiment.

This can be readily imagined when it is remembered that every one of them are voluntary and unpaid workers, and that the Institution as a whole is not dependent on Government assistance in any form.

The position has been further aggravated by the fact that within the last few days the newly-appointed executive committee is understood to have called upon Mrs. R. Langley, the Honorary Secretary of the local branch, to send in her resignation, and has also, at the same time, informed the local Director, Mr. A. Morris, that he must accept the authority of their newly-appointed acting commissioner.

RESENTMENT INTENSIFIED

This action has intensified the resentment amongst the members and our representative was able to gather that a meeting is being arranged, by the lower ranks of the organisation, to obtain a consensus of opinion as to what action they should take in protest. This might even extend to a resignation of the members en bloc. As a matter of fact, the majority of them appear already to have decided on this course.

As far as can be gathered, the official intentions are to reorganise the institution which has already proved of invaluable service to the Government.

For instance, it may not be generally known, that the Association has placed at the services of the Government four fully equipped ambulances entirely free of charge, though the Government pays for their maintenance. The Association operates three other ambulances which are always available to the public without charge.

Then there is the fact of the clinics established in the New Territories. Originally started by the New Territories Medical Benevolent Society, which was sponsored by six prominent Hongkong citizens, later, after negotiation with the St. John Association, the two institutions were amalgamated and it is only recently that the Government extended the scope of their activities to this area.

DIFFERENCE OF OPINION

This happened about nine years ago, and it is from that time that there appears to have been some difference of opinion between the Association and the official side. It was, no doubt, this position that prompted Mr. Morris to send in his resignation to the headquarters of the Association last May.

As previously stated, the question of Mr. Morris's resignation was to be taken up at the next Chapter of the Association's headquarters in November, but he has since withdrawn his resignation. The local executive committee, however, have informed him that they have accepted it.

The extraordinary situation created by these circumstances, is deplored by the members, 98 per cent. of whom are Chinese, and the greater number non-British subjects. They point out that the Brigade owes its position to-day almost entirely to Chinese funds with which it has been financed from its inception, and the loyalty of the members to Mr. Morris, who has been associated with the organisation, entirely in an honorary capacity, for the last 20 odd years, and to Mrs. Langley, who as Honorary secretary, has also given her services to the institution for several years without any monetary reward, is strongly reflected in the manner in which they are determined to stand behind their leaders against any so-called interference in the Institution's administration.

DR. DOVEY'S POSITION

Our representative has been able to ascertain that the position of Dr. J. E. Dovey, who as Supervisor and Training Officer of the Medical Defence Scheme, had taken office accommodation in the Brigade headquarters, does not interfere with the internal administration of the Institution, and that Dr. Dovey is mainly concerned in reorganising the First Aid posts under emergency conditions.

The eventual outcome of this unhappy controversy is being eagerly awaited by the public, especially in view of the grave times in which it is taking place.

FLOOD DISASTER IN S. HOPEI

SOUTH HOPEI Sept. 15 (Central)—Twenty-seven districts in south Hopei are seriously affected by flood, according to an investigation conducted by the Hopei Flood Relief Commission.

A total of 5,461,000 mow of farm land is inundated and there are 75,891 refugees. No fewer than 10,000 houses have collapsed.

10-20 FEET OF WATER
The inundation was caused by the overflowing of the Tze Ya, Ta Tsing, Chi Lung, Kan Tang and Hu To Rivers. Low-lying places are under water between ten and twenty feet deep. There is yet no sign of the subsiding of the flood.

Gen. Li Chung-lin, Chairman of the Hopei Provincial Government, is personally inspecting the flooded areas and extending relief to the refugees. He has sent a petition to Chungking asking for relief funds.

liquefies and becomes exactly like flowing blood.

A spectroscopic examination of the liquefied substance made in 1902 showed the distinctive lines of the spectrum of blood. The liquefaction sometimes happens immediately; at other times it takes an hour or more to occur. Sometimes on congealing the phial seems to contain more of the substance than before, and in fact a series of experiments showed that the weight is not constant.

The Church has never pronounced the phenomenon miraculous, but none of theories advanced in explanation of it can be considered satisfactory. It is not due to change in temperature, and the varying length of time which the liquefaction takes renders the explanation particularly difficult. Careful observations of the most minute kind have demonstrated the absence of any deception. St. Januarius was martyred at the beginning of the fourth century and the phenomenon of the liquefaction of the blood has been traced back to the year 1389.

ON PILGRIMAGE

Newspaper reporters who are always on the alert for hints about the coming fashions had recently to record an unusual piece of news about Madame Schiaparelli, probably the greatest living woman dress designer—that she had just taken in a religious pilgrimage.

The pilgrimage was that of Lough Derg, in Ireland. It is the severest known to the modern world. The religious exercises take three days, a rigorous fast has to be observed during the whole time, most of the day is spent in walking barefoot over the island paths reciting long prayers, and the whole of one night is given to prayer. Thousands of persons make the pilgrimage every year, many coming from a long distance.

The present American Attorney-General, Mr. Frank Murphy, formerly Governor-General of the Philippines, when he went with the American troops to France during the Great War promised to go to Ireland to make the pilgrimage to Lough Derg if he survived. He fulfilled his promise.

Madame Schiaparelli was unknown to her fellow-pilgrims, but one who made the exercises with her, without knowing her identity, commented on the exactness with which she fulfilled everything connected with it. Her dress did not attract any attention, for she is habitually very simply dressed. She is a fervent Catholic and told no one of her intention to go to Lough Derg. It was quite by accident that it became known after her return to England.

COURT MUSICIAN

The publication has been announced of a series of sonatas written by a Catholic missionary priest in China in the days of Johann Sebastian Bach. The priest was Theodore Pedrini, an Italian Vincentian, who, in spite of the fact that a bitter persecution of Christians was going on, was appointed Court Musician by the Emperor K'ang Hsi, of the Ch'ing Dynasty. Fr. Pedrini composed twelve sonatas, arranged for violins, and he left them in a manuscript book of seventy-five pages. They became buried among other ancient volumes in the Pei-Pang Library of Peking, where they remained for 225 years.

Two years ago, Fr. Theodore Rueli, S.V.D., a professor of the Catholic University of Peiping, unearthed the volume and recognised the value of its contents. He has since transcribed the sonatas into modern notation, added other instrumental parts and edited them for publication.

The 8th Sonata was performed before a large audience at the Catholic University early in the present year. Fr. Rueli, who lectures on Philosophy and psychology in the Catholic University of Peiping, is a cultured musician and has made considerable research into the possibility of a common ground for eastern and western music. For several years he has conducted each year a Christmas Festival of Music which is one of the outstanding music events of the year in Peiping.

It is notified for general information that from Monday, September 18, 1939, the Vaccination Centre at the Harbour Office will be closed as an Anti-cholera Inoculation Centre. Anti-cholera inoculation certificates will be issued as usual at Port Health Office (11, Ice House Street) and at all Government Hospitals.
